Driven MCA graduate with software internship experience, pursuing opportunities to apply technical expertise and contribute to impactful projects in a collaborative software development environment.

## Experience

**Sumago Infotech | Trainee – Software Developer** *Jan 2024 - present*

- Assisted in ASP.NET Core development tasks under senior supervision.
- Learned and applied web API concepts in software projects.
- Contributed to Angular application development, focusing on UI design and functionality.
- Engaged in code reviews and debugging sessions to improve software quality.
- Participated in learning sessions to enhance proficiency in ASP.NET Core, web API, and Angular.
- Supported documentation of project requirements and specifications.
- Actively participated in agile development processes, including sprint planning.
- Assisted in troubleshooting and resolving technical issues within software applications.
- Contributed to testing efforts by performing unit and integration tests.

**Syrophage PVT.LTD | Trainee – Software Developer** *Oct 2023 – Dec-2023*

- Acquired proficiency in Figma, a collaborative interface design tool, through guided learning sessions and practical application.
- Developed design skills by creating wireframes, prototypes, and user interface layouts using Figma.
- Contributed to team projects by applying newly acquired skills in design and backend programming.
- Participated in coding exercises and projects to strengthen Core Java programming skills.

## Skills

- MS – Office: Word, PowerPoint
- C, C++, C#
- Core Java
- Advanced Java
- Data Structures
- ASP. Net (Core)
- ASP. Net (MVC)
- React
- Figma
- SQL (SQL-Server)
- Bootstrap

## Education

- **Master of Computer Application**
  **Autonomous University | KKWIEER, Nashik**
  **SGPA: 7.54**

  *Pursuing*

- **Bachelors in Computer Science (BCS)**
  **Pune University | PCMCS College**
  **CGPA: 8.01**

  *Completed in 2022*

## Projects

- **Hiraj Foods | ([hirajfoods.com](hirajfoods.com))**

  **Project Objective**: Develop an e-commerce platform named "Hiraj Foods" catering to health-conscious consumers interested in fruit powders.
  **Features**: Provide a seamless shopping experience with intuitive navigation and personalized recommendations. Implement secure payment gateways for safe and hassle-free transactions. Empower administrators with robust tools for efficient product management, user feedback analysis, and responsive customer support.
  **Technologies Used:** Development Framework-Utilize ASP.NET for website development. Database Management-Implement MySQL Server for efficient data management and scalability.

- **Syrophage | ([Syrophage.com](Syrophage.com))**

  **Project Objective**: Develop a corporate website, Syrophage.com, to represent the brand and its services.
  **Features**: Present Syrophage's corporate identity with a polished and informative website design., Engage visitors with interactive elements, intuitive navigation, and easy access to information., Provide administrators with tools for easy content management and updates to keep the website current.
  **Technologies Utilized**: Development Framework-Utilize ASP.NET for website construction. Database Management-Implement MySQL Server for efficient data storage and retrieval

- **ERA | (an AI Assistant)**

  **Project Objective:** Develop an efficient and user-friendly web application named ERA, serving as an AI Assistant, to provide users with intelligent assistance and streamline various tasks.
  **Features**: Implement natural language processing (NLP) capabilities to enable conversational interaction between users and ERA.
  **Technologies Utilized**: Development Language-Python
  Web Framework: Utilize modern Python web frameworks such as Django or Flask for building the web application. AI and NLP Libraries-Leverage libraries such as Open AI for implementing AI and NLP functionalities.

## Achievements & Awards

- Achieved Second Place in the Poster Competition at KKWAGH College's Ascend event.
- Arranged the CODEFEST event at ASCEND 2023, MCA department, KKWAGH College, overseeing a team of 15+ volunteers and managing logistics for 100+ attendees; achieved record-breaking participation and positive feedback.
- Active Member of the PCMCS College Students Development Board.
- Represented the college in university-level Volleyball and Kabaddi during my undergraduate years.
